## Summary

**Computer Science graduate** with practical experience developing responsive web and mobile applications using **React, React Native, JavaScript, HTML, CSS, and Redux Toolkit**. Skilled in building intuitive user interfaces, integrating APIs, and writing clean, maintainable code. Familiar with modern development workflows and AI-powered development tools for rapid prototyping and efficient UI implementation. Backed by a strong programming foundation in **Java and Python** and experience delivering real-world projects. Seeking a **Front-End Developer** role where I can apply my technical skills, contribute to impactful products, and continue growing as a software engineer.

## Education

| Qualification | Board/University | Year | Percentage |
|---|---|---|---|
| B.Tech - Computer Science | Malla Reddy University, Hyderabad | 2022 – 2026 | 71.3% |
| Intermediate - MPC | Career Point, Rajahmundry | 2020 – 2022 | 82.3% |
| SSC | Prathibha Educare, Rajahmundry | 2019 – 2020 | 95% |

## Experience

**InnoWave, Front End - Trainee Developer,** Bangalore, 2026 Jan - 2026 Jul

- Developed cross-platform applications using **React** and **React Native**.
- Implemented scalable state management using **Redux Toolkit**.
- Integrated native device capabilities using **Capacitors**.
- Integrated third-party applications into web apps using **Lovable** and customized components based on product requirements.

## Skills

| | | |
|---|---|---|
| Front-End Web Development | React Native | React JS |
| React Redux Toolkit | Framer | Figma |

## Works

**2026** **Task Flow**

TaskFlow is a responsive project management app built with React, featuring Kanban boards for organizing tasks, drag-and-drop workflow management, priorities, due dates, search, and filtering.

**2026** **IRA Consultancy - Website**

Designed and developed a responsive consultancy website for a real-world client, including custom brand identity and logo design, service-focused UI, responsive layouts, smooth navigation, and interactive front-end components using React and modern web development practices.
